Bi-fold Door Range

With customisable folding options, superior security and an easy to operate design, it's no wonder our **bi-fold doors** are a long-term popular choice for residential and commercial indoor-outdoor entertainment areas. With standard configuration options available, including your choice of doors between 2 and 6 panels, integrating our bi-fold doors into your design couldn't be easier.

Signature Bi-fold Doors

Maximise your entry space and create a seamless indoor-outdoor entertaining experience with our '**Signature**' bi-fold doors. Opening almost effortlessly along high performance rollers, our bi-fold doors include innovative corner configuration options that allow you to install them in almost any context. Stylish, modern and practical, they also feature superior locks and weather-proofing to help keep you and your property safe.

Commercial Bi-fold Doors

Meld indoors and outdoors together with our **Commercial** bi-fold doors. Creating maximum opening space with minimal effort, our bi-fold doors are precision engineered for ease of operation. They also feature sturdy stainless steel hinges and 4 point lever compression locks for superior strength and security. With maxi sizes and corner configurations available, our bi-fold doors can transform almost any space into a luxury indoor-outdoor experience. Where will you be installing yours?

Features & Benefits

Signature . Commercial

Lifestyle & Comfort

- Perfectly suited to indoor-outdoor entertainment areas thanks to fully folding doors
- Full openings allow you to maximise living space
- Independent access panel provides for entry and ventilation while other panels remain secure

Design & Aesthetic

- Ingenious corner configurations allow for the creation of luxury indoor-outdoor spaces in a range of settings
- Consistent aesthetic and architectural symmetry with other Bradnam's windows and doors for easy design mixing

Performance & Reliability

- Effortless opening and closing thanks to precision engineered roller system
- Reliable year-round weather proofing with shrink-resistant Santoprene seals
- Custom glazing options to suit your preferences, including single and double glazing for thermal and acoustic insulation

+ Premium Features

Commercial Only

- Large sizes enable doors to be configured for any space (maximum height: 3100mm, maximum width: 8000mm)
- Heavy duty 50mm sash provides superior strength and rigidity for peace of mind
- Durable stainless steel hinges allow for trouble-free operation – even for larger door panels
- Multi point lever compression locks provide dependable security on access panels

Smart Solutions

High Performance Windows and Doors

Building in today's environment demands the need to satisfy energy, acoustics, security and bushfire requirements. Bradnam's **Smart Solutions** range is designed to augment all Signature and Commercial products to satisfy these needs.

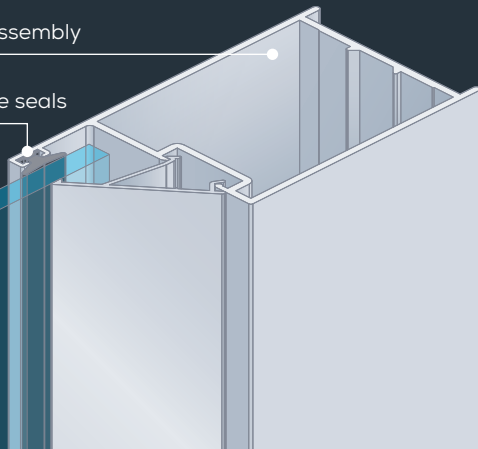

Some of the possible benefits

- Cooler in Summer
